

DIGITAL POSTER MAKING

DIGITAL POSTER MAKING COMPETITION

A Digital Poster-Making Competition at Government College of Engineering, Chhatrapati Sambhajinagar, illuminated the artistic prowess of students in celebration of International Human Rights Day on December 10, 2022. The competition aimed to visually convey the significance of human rights, encouraging participants to explore the diverse themes of freedom, equality, justice, and individual rights protection.

E-certificates and prizes were awarded to participants, with the submission deadline set for 11th December 2022. The competition showcased the humanitarian perspective of youth, aligning with the theme "Human Rights". The two best digital posters were selected for prizes, and all participants received certificates of merit.

Despite the virtual nature of the competition, participants actively engaged, creating visually compelling posters that reflected their understanding of human rights principles. The event not only recognized their creative efforts but also served as a platform for advocacy, emphasizing the importance of equality and justice in our interconnected world.

The competition's success was not only measured by the quality of submissions but also by its impact in promoting awareness and sparking conversations on human rights. The declaration of results through social media handles added a digital dimension to the event, reaching a broader audience and fostering a sense of accomplishment among participants. Overall, the Digital Poster-Making Competition successfully fulfilled its goal of encouraging creative expression and highlighting the universal pursuit of human rights and dignity for all.
